Modarabas– **Key Developments**

- In case of deposit taking Modaraba, at least two or one third, whichever is higher, of the board Members have to be independent.
- At least one or one third, whichever is higher, of board members should be independent in case of non-deposit taking Modaraba.
- The promoters or major shareholders of the Modaraba Management Company are restricted to transfer their shares without prior approval of the Registrar.

Modarabas– Key Developments

Draft Bill for Amendments in Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 has been issued in June 2016. The most important change proposed in this bill is given below:

- 1. All Modarabas have been restricted to invite or accept any deposit. For this purpose, the term "deposit" means any deposit of money with , or any money borrowed or raised by a Modaraba but shall not include:
- a) Redeemable Capital issued under section 120 of the Companies Ordinance 1984*;
- b) Funds obtained from a financial institution;
- c) Advance, application or subscription money for certification of the Modaraba;
- d) Cash margin or security deposit received in respect of finance provided by the Modaraba;
- e) Subordinated loans; and funds obtained from major shareholders, sponsors and associated companies

Note*: Though Modarabas' Certificates of Musharaka (CoMs) falls under the definition of redeemable capital as per the Companies Ordinance which gives the impression that Modarabas can raise deposit through CoMs. However, Modarabas issue CoMs under the Modaraba regulatory framework, upon specific requirements and arrangements made under the guidelines issued for the purpose, with the approval of the Religious Board for Modarabas and the SECP. Thus, the proposed amendments seeks to impose restriction on inviting or accepting all types of deposits.

Challenges

Current Challenges:

- Limited network as compared to banks
- High cost of funding
- Poor performance by most the players owing to weak business models
- Limited regulatory support

Potential Risk Factor:

The proposed bill of amendments in Modaraba ordinance 1980 (Clause 8B) is not allowing Modarabas to issue new COMs. Modaraba Association is in discussion with the regulator on this issue and is very much hopeful for a positive outcome.
