Rating Rationale and Key Rating Drivers

The ratings demonstrate Etimaad's strength, emanating mainly from its sustained operational history. The upgrade reflects Etimaad's sustained improvement in business performance, with growth in revenue and margin, aided by healthy relationships with existing customers, and extensive experience of the management. The pipeline is healthy; therein for the sake of sustainable long term growth, management follows a balanced approach aiming to gain more share in different lines of businesses. The strength of the business is reflected in the clientele that the company has served and still continue to do business with. There are some of the best and leading names for the business community of the country. The entity is following a pyramid strategy; the top being mega projects (EPC), followed by construction and lastly maintenance related projects. The customer list portrays some of the best names in the domestic market. The Company has a track record of over a decade with strong capabilities in executing turnkey projects, as reflected in repeat orders from customers. The Company is adequately leveraged and primarily relates to the projects in hand and timely completion. The sponsors have demonstrated their commitment by operationally supporting the business by providing security and personal guarantees to obtain financial facilities.

Meanwhile, strengthening of business development structure by inducting expert and experienced professionals is considered a key catalyst for upcoming projects. Financial risk metrics need to be upheld. Rating is dependent upon the successfully completion of several projects and upcoming projects undertaken by management to streamline its business for improved profitability, which is pivotal for considerable growth.

Profile

Legal Structure Etimaad Engineering Private Limited (Etimaad), was incorporated in Pakistan under the repealed Companies Ordinance, 1984 as a private limited company on May 11, 2007.

Background Etimaad was established by a team of professionals from Descon Engineering Limited who are also the shareholders of the company. Over the years, the sponsors have established similar businesses mainly in Saudi Arabia (subsidiary) and Qatar (associate). In 2014, Etimaad had to divest its share in Arabian Etimaad Industrial Company, for an amount of SAR 5mln (PKR 133mln), due to geopolitical tensions at Yemen border and turmoil in oil prices. The company has completed various projects in Pakistan and overseas.

Operations The company is principally engaged in engineering, procurement, manufacturing, construction and project management activities.

Ownership

Ownership Structure Mr Mazharuddin Ansari's family directly own 37.4%, Mr Farooq Hussain Mughal 26.9%, Mr Mohammad Sohail Shafique 25.6% and others 10.1% stake in Etimaad.

Stability The experienced professionals of the company providing expertise and exposure to operate efficiently as one of the leading company in Pakistan.

Business Acumen The sponsors have rich industry experience and have worthy knowledge of various aspects of engineering industry.

Financial Strength The sponsors have an adequate financial profile. Although there is no explicit commitment, but key sponsor's support to Etimaad is demonstrated as they have provided personal guarantees to secure loans and guarantees from FIs.

Governance

Board Structure The company's board comprises only two members including the Chairman – Mr Mohammad Sohail Shafique, and President & CEO – Mr Farooq Hussain Mughal.

Members' Profile Mr. Mohammad Sohail Shafique, the Chairman, has more than two decades of experience in renowned organizations. He is an Engineer by profession and alumni of UET Lahore.

Board Effectiveness The Company being a private company does not comply with code of corporate governance. Both of the board members carry executive roles in the management of the company. To provide desired challenge to the management's decisions and strengthen overall governance framework, representation of independent director is important.

Financial Transparency Grant Thorton Anjum Rehman, Chartered Accountants, is the external auditor of the company. The auditor gave an unqualified opinion on the company's financial statements for the year ended June 30, 2020.

Management

Organizational Structure There are a large number of reporting lines reporting in to CEO. Although this may limit strategic focus, support from senior executive members and Chairman, provides comfort.

Management Team Mr Farooq Hussain Mughal, the President & CEO, is finance professional and associated with Etimaad since its inception. Previously he worked as CFO in Etimaad before he elevated to the position of President & CEO in FY15. He is supported by an able and competent team of professionals.

Effectiveness Majority of senior management has long ties with Descon Engineering Limited in the past. Project related hiring occurs as per the project's need; therefore Etimaad tries to recruit suitable technicians and proletariat. Syed Abrar Ali Khan, the Vice President of Etimaad, is appointed to strengthen the business development. Previously, Mr Khan served as GM Descon-UAE Business Area.

MIS The company has an integrated financial, cost control and project management system to smooth sail the business processes from initiation to close and feedback phases. The ERP system includes modules on (i) ETest – Bid preparation, (ii) Primavera P6- Scheduling, monitoring the project and generation of reports, (iii) Tanseeb – Matrix software linked to ETest to execute project activities and monitors the actual progress, (iv) EFin- Financial management system integrated with ETest and Primavera. (v) EOffice - facilitates company-wide information sharing.

Control Environment The EPC industry is always prone to Quality, Health, Safety and Environmental (QHSE) issues. Therefore, Etimaad complies with applicable laws and relevant industry standards.

Business Risk

Industry Dynamics Construction sector's share in GDP in FY18 was 2.82% against a share of 2.74% last year. This sector has witnessed a growth of ~9% against a growth of ~10% last year, as many CPEC related projects were ongoing during 2016-17. For FY19 the Federal Government has allocated PKR ~800 bln under PSDP spending, and considering 70% utilization history. As PMs' ambitious plan to build 5 million houses goes through, it would provide a major impetus to the debilitating construction industry.

Relative Position Etimaad is eyeing for optimal growth both in terms of turnover and profitability through a better mix of construction and maintenance projects. Company now takes appropriate measures to avoid any discrepancy in the projects while ensuring timely completion of the project. However, the market share of the company remains minimal.

Revenues During FY20, topline of Etimaad kept the upward trend and witnessed a growth of ~4.3%, while the revenue for FY21 stood at PKR 1,301mln (FY20: PKR 1,248mln) the said increase is witnessed owing to the prevailing positive industry dynamics and support from state for engineering and construction sector in current environment.

Margins During FY21, gross margins remained stagnant at 22% on YoY basis (FY20: 22.5%; FY19: 22.8%). In addition with increased topline and controlled finance cost the company's net profit stood at PKR 61mln (FY20: 55mln; FY19: 39mln).

Sustainability Etimaad's management envisage sustainable footing in the market by planning to move to capital market instead of money market for financing needs in near future. The performance of the company rests with projects in hand and timely completion. The healthy pipeline; therein for the sake of sustainable long term growth, management follows a balanced approach aiming to gain more share in different lines of businesses.

Financial Risk

Working Capital Etimaad's working capital is mainly supported by short term borrowings and internal cash. During FY21, Etimaad's net working capital cycle days maintained a decreasing trend and stands at 140 days (FY20: 143days; FY19: 220) owing to lower trade receivables days. To fulfill the needs of working capital, company has availed short term borrowings from various financial institutions worth PKR ~100mln in FY21 (FY20: PKR 131mln).

Coverages During FY21, Etimaad's free cash flows (FCFO) denotes performance stability, and improved to PKR 184mln (FY20: PKR 178mln; FY19: PKR 132mln). While core debt coverage stood at 3.7x in FY21 (FY20: 3.0x) on account of improved business performance and increased revenue generation.

Capitalization Etimaad has adequately managed its leveraged capital structure. Debt to equity ratio was at 35% in FY21, (FY20:33%; FY19: 39.4%). However, due to limited cash flows, the loans are jointly secured by sponsors' guarantees.

Outlook (Stable, Positive, Negative, Developing) Indicates the potential and direction of a rating over the intermediate term in response to trends in economic and/or fundamental business/financial conditions. It is not necessarily a precursor to a rating change. ‘Stable’ outlook means a rating is not likely to change. ‘Positive’ means it may be raised. ‘Negative’ means it may be lowered. Where the trends have conflicting elements, the outlook may be described as ‘Developing’.

Rating Watch Alerts to the possibility of a rating change subsequent to, or, in anticipation of some material identifiable event with indeterminable rating implications. But it does not mean that a rating change is inevitable. A watch should be resolved within foreseeable future, but may continue if underlying circumstances are not settled. Rating watch may accompany rating outlook of the respective opinion.

Suspension It is not possible to update an opinion due to lack of requisite information. Opinion should be resumed in foreseeable future. However, if this does not happen within six (6) months, the rating should be considered withdrawn.

Withdrawn A rating is withdrawn on a) termination of rating mandate, b) the debt instrument is redeemed, c) the rating remains suspended for six months, d) the entity/issuer defaults., or/and e) PACRA finds it impractical to surveil the opinion due to lack of requisite information.

Harmonization A change in rating due to revision in applicable methodology or underlying scale.

Surveillance. Surveillance on a publicly disseminated rating opinion is carried out on an ongoing basis till it is formally suspended or withdrawn. A comprehensive surveillance of rating opinion is carried out at least once every six months. However, a rating opinion may be reviewed in the intervening period if it is necessitated by any material happening.
