Rating Rationale and Key Rating Drivers

The rating reflects 786 Investment Limited's modest standing in the competitive asset management industry. The assets under management were ~PKR 697mln mark at end Apr-19 as compared to ~PKR 684mln at end Jun-18, which depicts an increase of ~2%. Meanwhile, the company's significant administrative and operating expenses and loss on redemption of units have impacted its profitability. The management intends to strengthen its financial performance by increasing its fund management revenue through fresh influx of AUM as well as strengthening investment advisory services. The performance of the funds was comparable to most peers with Dawood Income fund outperforming the income category consistently. The company has reasonably experienced management team and adequate organizational structure. The management is focused to materialize its strategic plans by enhancing its position in the industry coupled with major focus on both retail and institutional clientele.

The rating is dependent on company's ability to enhance its market position, gain in terms of assets under management, diversification in fund slate and maintaining strong performance of its funds. Meanwhile, upholding high governance standards and strengthening of risk management is crucial for the rating.

Outlook (Stable, Positive, Negative, Developing) Indicates the potential and direction of a rating over the intermediate term in response to trends in economic and/or fundamental business/financial conditions. It is not necessarily a precursor to a rating change. 'Stable' outlook means a rating is not likely to change. 'Positive' means it may be raised. 'Negative' means it may be lowered. Where the trends have conflicting elements, the outlook may be described as 'Developing'.

Rating Watch Alerts to the possibility of a rating change subsequent to, or in anticipation of some material identifiable event. But it does not mean that a rating change is inevitable. A watch should be resolved within foreseeable future, but may continue if underlying circumstances are not settled.

Suspension It is not possible to update an opinion due to lack of requisite information. Opinion should be resumed in foreseeable future. However, if this does not happen within six (6) months, the rating should be considered withdrawn.

Withdrawn A rating is withdrawn on a) termination of rating mandate, b) cessation of underlying entity, c) the rating remains suspended for six months, or/and d) PACRA finds it impractical to surveil the opinion due to lack of requisite information

Harmonization A change in rating due to revision in applicable methodology or underlying scale.

Surveillance. PACRA shall not keep the Asset Manager Rating under constant surveillance. The rating will be reviewed at least once every six months. Any material happening during a period that may warrant a revision of rating will be incorporated in the following review.
