Rating Rationale and Key Rating Drivers

Al-Rahim Textile Industries Limited is a family-owned business established in 1991. Al-Rahim is a leading towel manufacturer and exporter. The Company owns a modern, state-of-the-art plant & machinery to produce quality products- towels, towel garments, and kitchen linens. Processes are vertically integrated which gives good control over all steps of production and contributes towards efficiency. Over the period Al-Rahim has gone through different phases of capacity expansions in air-jet terry weaving, yarn-dyed & jacquard towel manufacturing, terry and fabric dyeing, printing, and Stitching. Al-Rahim has developed a strong customer base which is the company's greatest asset. The company aims to provide the highest quality product to achieve customer satisfaction through innovation, commitment, integrity, and efficiency. Al-Rahim Textile Industries has valid certificates for its products and facilities and is periodically audited by internationally recognized certification bodies including Oeko Tex 100 Class-I and Class-II, BSCI, C-TPAT, Sedex, GOTS, SCAN, BCI, Egyptian Cotton Gold Certificate, GRA, RCS, Cradle to Cradle, Made in Green, EcoLabel and BRC. The management asserts to have ~10% market share. The Country's textile exports have witnessed a growth of ~ 26% in FY22 and stood at \$19bln as compared to \$15bln in FY21, whereas towel exports contributed ~6% (value wise) of it. The towel industry enjoys relatively better margins that are reflected in Al Rahim's profitability on the back of local cotton, which is more suitable for manufacturing towels. During FY22, the Company's topline clocked in at ~PKR 22,522mln out of which PKR 20,398mln from the exports sales and PKR 2,124mln from the local sales, reflecting growth of ~66.5% on a YOY basis mainly due to volumetric growth and price impact. In FY22 direct export sales increased by 94% in local currency and 73% in dollar terms. Sponsors have a good understanding of the business and they are actively involved in all business decisions. Key pillars of business strategy are maintaining a diversified customer portfolio with a lower concentration and also producing the complete range of terry towel products. The Company's financial risk profile is characterized by robust coverages, cashflows, and a comfortable working capital cycle. Capital structure is leveraged and mainly comprised of short-term borrowings for working capital management.

The ratings are dependent upon improvement in market share, optimal operations, sustaining growth in top-line, and retaining sufficient margins while maintaining financial risk at a low level is important. Meanwhile, strengthening the governance framework for better oversight of strategic affairs is considered essential.

Profile

Legal Structure Al Rahim Textile Industries Limited (Al Rahim or 'the Company') traces its roots to Al Rahim Textile Industries, which was established in 1991 as a sole proprietorship. To strengthen the corporate structure, a public unlisted company was formed by the name of Al Rahim Textile Industries Limited in July 2019. As per the agreement, all assets and liabilities of the sole proprietorship were transferred to Al Rahim Textile Industries Limited. The registered office of the Company is situated in Karachi, with a manufacturing facility in Nooriabad, Sindh.

Background The Company was formed by Mr. Abdul Rahim Saya. Al Rahim started its business by providing processing and weaving facilities. The Company established the Nooriabad facility in 2005. After the 2015 expansion, the Company has become one of the largest manufacturers of towels in Pakistan.

Operations Al Rahim is involved in the manufacturing of towels and fabrics. The Company is export-oriented and sells its products to large retail chains like Standard Textile Company, Target Corporation, Lidl Hong Kong Limited, and others. Al Rahim has a total capacity of 284 Air-jet looms, 447 stitching machines, 3 printing machines, 7 embroidery machines, and 44 dyeing machines. After the incorporation of a new company in FY20, all assets and liabilities have been transferred to the newly incorporated entity.

Ownership

Ownership Structure Al Rahim is owned by Saya Family. Mr. Faisal Rahim Saya holds a major stake in the Company while the rest of the shareholding is split equally between Mr. Moiz Saya (Son of Mr. Faisal Saya) and Mr. Abdul Rahim Saya.

Stability Although both sons of Mr. Abdul Rahim Saya (Mr. Faisal Saya and Mr. Shehzad Saya) are involved in the operations of the Company, most of the shareholding resides with Mr. Faisal Saya. There is no formal succession plan in place but ownership and business roles are clearly divided among family members at the group level.

Business Acumen Saya's family is involved in the textile business for the last three decades. The phenomenal growth over the years reflects the sponsors' strong business acumen.

Financial Strength The members of the Saya family own adequate wealth, reflecting well on the financial strength of the sponsors. The sponsors have supported the Company in the past in the form of equity injections. The family also owns Al Rahim Retail Limited - Zellbury Brand Stores - and real estate properties in Pakistan.

Governance

Board Structure The board comprises three members and is chaired by Mr. Abdul Rahim Saya. It includes two executives (including the CEO) and one non-executive director. All members represent Saya Family. There is room for improvement at the board level through the induction of more members, including independent directors.

Members' Profile Saya family is in the textile business since 1991 and has vast experience in the textile industry. Board members possess strong acumen in textile manufacturing and towel industry as reflected in the growth of the Company.

Board Effectiveness Board members are actively involved in the Company's operations. Board meetings are held on as and when required basis. The board has not formed any committees. There is no formal policy for recording board minutes.

Financial Transparency Reanda Haroon Zakaria & Company, Chartered Accountants, are the external auditors of the Company. They gave an unqualified opinion on financial statements for the year ended June 30, 2022. The firm is QCR rated by ICAP and is classified in Category 'B' in the panel of auditors maintained by SBP.

Management

Organizational Structure The Company's management structure is divided into divisions and functional departments with clear lines of responsibilities. Head office and site management functions are headed by Mr. Faisal Saya, the CEO.

Management Team Mr. Faisal Saya (CEO) leads the management team. He has been associated with the family business for the last 27 years and has played a key role in the success of the Company. The CEO is supported by an able and professional team.

Effectiveness The Company has no management committees in place. However, senior management members meet on daily basis to discuss ongoing issues and plans.

MIS Al Rahim is currently using Oracle EBS 12.1.3 as its main ERP software. Oracle was fully implemented in 2015. Al Rahim uses three modules of Oracle. Regular MIS reports are submitted to top management relating to the liquidity and profitability profile of the Company. In FY23, the company is moving to G-Tech software that will provide reliable business solutions for their valuable clients and transforms the ways to gather manage, distribute and communicate information.

Control Environment Sponsors of the Company are part of both the Board and management. Al Rahim has established an internal audit department, which is an integral part of the management control system. Further, the Company has rigorous quality control procedures in place. The Company has valid certificates from Oeko Tex 100 Class-I and Class-II, BSCI, C-TPAT, Sedex, GOTS, and BRC, reflecting well on the overall control environment.

Business Risk

Industry Dynamics Pakistan's textile exports reached a record high of \$19.3 billion in FY22, up by 25.5% YoY, compared to \$15.4bn in FY21. In the month of June'22, textile sector exports, while sustaining above the \$1.5bn level, witnessed an increase of 4% MoM and 3% YoY to \$1.7bn, compared to \$1.6bn in the previous month and \$1.65bn in June'21. As per the data, during the month, a major increase was witnessed in the Value-added division, especially in the Readymade garment segment (15% MoM). This was followed by Knitwear (11% MoM), where a 28% increase in volumetric growth played a key role. Similarly, the value-added segment continued to drive performance on yearly basis, as value-added exports clocked in at \$1.2bn, up by 7.4% YoY despite a substantial volumetric decline of 29% on a YoY basis. Cumulatively, in FY22, total value-added exports were recorded at \$13.4bn, showing a growth of 27% YoY despite a marginal increase of 7% YoY in volumes. Within the value-added segment, key contributions came from Knitwear (\$5.1bn), Bedwear (\$3.3bn), Towels (\$1.1bn), and Readymade Garments (\$3.9bn). The top 5 exporters consist of China, India, Pakistan Turkey, and Vietnam and together they account for approximately ~80% of the total export market.

Relative Position Al Rahim is one of the biggest players in the towel industry in Pakistan with a ~10% share in total towel exports of the Country. Whereas, Feroze 1888 is considered a leader in the towel industry with a share of ~23%.

Revenues The Company derives its revenue mainly from the manufacturing and sales of towels. During FY22, the Company's topline clocked in at ~PKR 22,522mln out of which PKR 20,398mln from the exports side and PKR 2,534mln from the local side (FY21: ~PKR 13,529mln), reflecting a growth of ~66.5% on a YOY basis.

Margins During FY22, the gross margin of the Company remained consistent at ~14.2% (FY21: ~14.6%), as sales increased considerably in the review period. However, the Company's operating margin decreased to 7.6% (FY21: ~9.1%). Net profit margin in FY22 stood at ~8.4% (FY21: ~8%).

Sustainability The Company being an export-oriented entity has found an increasing trend from export destinations (USA and Europe). Going forward demand and sales of the company's product are expected to grow.

Financial Risk

Working Capital During FY22, the Company's gross working capital days decreased to 180 days (FY21: 210 days), and inventory days also reached to 109 days (FY21: 133 days). The Company has reduced its trade payable days, which clocked in at 53 days as of FY22 (FY21: 63 days). This resulted in net working capital days of 127 days in FY22 (FY21: 148 days).

Coverages The Company's free cashflows (FCFO) as of FY22 increased to PKR ~2,193mln (FY21: 1,706mln) owing to the overall increase in sales of the company. Meanwhile, the interest coverage ratio and debt coverage ratio also increased.

Capitalization The Company has a moderately leveraged capital structure, in FY22, the leveraging increased to ~40.9% (FY21: ~34.4%). The short-term borrowings reached to ~PKR 6,103mln (FY21: ~PKR 4,085mln) to finance the working capital requirements.

Credit Rating

Credit rating reflects forward-looking opinion on credit worthiness of underlying entity or instrument; more specifically it covers relative ability to honor financial obligations. The primary factor being captured on the rating scale is relative likelihood of default.

Scale	Long-term Rating Definition
AAA	Highest credit quality. Lowest expectation of credit risk. Indicate exceptionally strong capacity for timely payment of financial commitments
AA+	
AA	Very high credit quality. Very low expectation of credit risk. Indicate very strong capacity for timely payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.
AA-	
A+	
A	High credit quality. Low expectation of credit risk. The capacity for timely payment of financial commitments is considered strong. This capacity may, nevertheless, be vulnerable to changes in circumstances or in economic conditions.
A-	
BBB+	
BBB	Good credit quality. Currently a low expectation of credit risk. The capacity for timely payment of financial commitments is considered adequate, but adverse changes in circumstances and in economic conditions are more likely to impair this capacity.
BBB-	
BB+	
BB	Moderate risk. Possibility of credit risk developing. There is a possibility of credit risk developing, particularly as a result of adverse economic or business changes over time; however, business or financial alternatives may be available to allow financial commitments to be met.
BB-	
B+	
B	High credit risk. A limited margin of safety remains against credit risk. Financial commitments are currently being met; however, capacity for continued payment is contingent upon a sustained, favorable business and economic environment.
B-	
CCC	
CC	Very high credit risk. Substantial credit risk "CCC" Default is a real possibility. Capacity for meeting financial commitments is solely reliant upon sustained, favorable business or economic developments. "CC" Rating indicates that default of some kind appears probable. "C" Ratings signal imminent default.
C	
D	Obligations are currently in default.

Scale	Short-term Rating Definition
A1+	The highest capacity for timely repayment.
A1	A strong capacity for timely repayment.
A2	A satisfactory capacity for timely repayment. This may be susceptible to adverse changes in business, economic, or financial conditions.
A3	An adequate capacity for timely repayment. Such capacity is susceptible to adverse changes in business, economic, or financial conditions.
A4	The capacity for timely repayment is more susceptible to adverse changes in business, economic, or financial conditions. Liquidity may not be sufficient.

*The correlation shown is indicative and, in certain cases, may not hold.

Outlook (Stable, Positive, Negative, Developing) Indicates the potential and direction of a rating over the intermediate term in response to trends in economic and/or fundamental business/financial conditions. It is not necessarily a precursor to a rating change. 'Stable' outlook means a rating is not likely to change. 'Positive' means it may be raised. 'Negative' means it may be lowered. Where the trends have conflicting elements, the outlook may be described as 'Developing'.

Rating Watch Alerts to the possibility of a rating change subsequent to, or, in anticipation of some material identifiable event with indeterminable rating implications. But it does not mean that a rating change is inevitable. A watch should be resolved within foreseeable future, but may continue if underlying circumstances are not settled. Rating watch may accompany rating outlook of the respective opinion.

Suspension It is not possible to update an opinion due to lack of requisite information. Opinion should be resumed in foreseeable future. However, if this does not happen within six (6) months, the rating should be considered withdrawn.

Withdrawn A rating is withdrawn on a) termination of rating mandate, b) the debt instrument is redeemed, c) the rating remains suspended for six months, d) the entity/issuer defaults, or/and e) PACRA finds it impractical to surveil the opinion due to lack of requisite information.

Harmonization A change in rating due to revision in applicable methodology or underlying scale.

Surveillance. Surveillance on a publicly disseminated rating opinion is carried out on an ongoing basis till it is formally suspended or withdrawn. A comprehensive surveillance of rating opinion is carried out at least once every six months. However, a rating opinion may be reviewed in the intervening period if it is necessitated by any material happening.

Note. This scale is applicable to the following methodology(s):

- a) Broker Entity Rating
- b) Corporate Rating
- c) Debt Instrument Rating
- d) Financial Institution Rating
- e) Holding Company Rating
- f) Independent Power Producer Rating
- g) Microfinance Institution Rating
- h) Non-Banking Finance Companies Rating
