Rating Rationale and Key Rating Drivers

The ratings reflect moderate business profile of Kohat Textile Mills Limited (Kohat Textile). The Company caters to the needs of local industry and deals in specialized products i.e. polyester yarn, acrylic yarn and viscose yarn. During 9MFY21, Company's revenue improved to PKR 2.5bln (9MFY20: PKR1.9bln); Sales are done locally. Margins and net profitability enhanced recently where the Company recorded loss in FY20. In current year, lower finance cost supported profitability. Non-core expenses, emerged in 9MFY21, should be contained going forward. Current ratio remained comfortable. COVID-19 pandemic is an ongoing challenge. The proactive measures are taken by the regulators and other concerning bodies have mitigated the potential damages much anticipated from this pandemic. Vigilance is required as the loan repayment cycle remains amid variants of the pandemic continue to re-emerge. The financial risk matrix reveals moderate leveraging where there is room for improvement in coverage. Further augmentation in core coverage will provide comfort with approaching scheduled repayments. The assigned ratings derive comfort from an experienced management team, strong financial muscle of the Sponsors and their timely support to the Entity in the form of subordinated loans. Going forward, the Company is planning to acquire debt to finance CAPEX. Material improvement in cash flows in line with upcoming debt obligations remains imperative.

The ratings are dependent on the Company's ability to sustain its operations in prevailing conditions. Significant deterioration in revenues and/or debt coverages due to the prolonged downturn leading to higher financial risk or subdued profitability will have a negative impact on the ratings. Saif Group's support to the Company will remain critical.

Outlook (Stable, Positive, Negative, Developing) Indicates the potential and direction of a rating over the intermediate term in response to trends in economic and/or fundamental business/financial conditions. It is not necessarily a precursor to a rating change. ‘Stable’ outlook means a rating is not likely to change. ‘Positive’ means it may be raised. ‘Negative’ means it may be lowered. Where the trends have conflicting elements, the outlook may be described as ‘Developing’.

Rating Watch Alerts to the possibility of a rating change subsequent to, or, in anticipation of some material identifiable event with indeterminable rating implications. But it does not mean that a rating change is inevitable. A watch should be resolved within foreseeable future, but may continue if underlying circumstances are not settled. Rating watch may accompany rating outlook of the respective opinion.

Suspension It is not possible to update an opinion due to lack of requisite information. Opinion should be resumed in foreseeable future. However, if this does not happen within six (6) months, the rating should be considered withdrawn.

Withdrawn A rating is withdrawn on a) termination of rating mandate, b) the debt instrument is redeemed, c) the rating remains suspended for six months, d) the entity/issuer defaults., or/and e) PACRA finds it impractical to surveil the opinion due to lack of requisite information.

Harmonization A change in rating due to revision in applicable methodology or underlying scale.

Surveillance. Surveillance on a publicly disseminated rating opinion is carried out on an ongoing basis till it is formally suspended or withdrawn. A comprehensive surveillance of rating opinion is carried out at least once every six months. However, a rating opinion may be reviewed in the intervening period if it is necessitated by any material happening.
