Rating Rationale and Key Rating Drivers

The rating incorporates the company's well defined strategy of catering to the investment needs of institutional and high net worth investors. The company's private equity and venture capital revenues are growing and a dedicated team of qualified individuals is built to lead both the business lines. Strong ownership and governance profile provides support to the rating. The company has clear organizational structure, strong risk management framework, seasoned management team, structured investment process and quality support systems. The company has a structured investment decision making process and the management team is focused on delivering sound and consistent fund performance results. The rating also incorporates the company's high top ten investor concentration, in line with its focus on institutional investors.

The rating is dependent upon the company's ability to successfully execute its business strategy encompassing enhancement in system share while further diluting AUM concentration. Going forward, the management's success in tapping the available potential, would be critical for the overall positioning of the company.

Outlook (Stable, Positive, Negative, Developing) Indicates the potential and direction of a rating over the intermediate term in response to trends in economic and/or fundamental business/financial conditions. It is not necessarily a precursor to a rating change. ‘Stable’ outlook means a rating is not likely to change. ‘Positive’ means it may be raised. ‘Negative’ means it may be lowered. Where the trends have conflicting elements, the outlook may be described as ‘Developing’.

Rating Watch Alerts to the possibility of a rating change subsequent to, or in anticipation of some material identifiable event. But it does not mean that a rating change is inevitable. A watch should be resolved within foreseeable future, but may continue if underlying circumstances are not settled.

Suspension It is not possible to update an opinion due to lack of requisite information. Opinion should be resumed in foreseeable future. However, if this does not happen within six (6) months, the rating should be considered withdrawn.

Withdrawn A rating is withdrawn on a) termination of rating mandate, b) cessation of underlying entity, c) the rating remains suspended for six months, or/and d) PACRA finds it impractical to surveil the opinion due to lack of requisite information

Harmonization A change in rating due to revision in applicable methodology or underlying scale.
