Rating Rationale and Key Rating Drivers

CCL Pharmaceuticals (Pvt.) Limited ('CCL' or 'the Company') is primarily engaged in the manufacturing and marketing of branded generic pharmaceuticals products. The ratings reflect CCL's reputable business profile in pharmaceutical industry of Pakistan with legacy-built 55+ years and exports in 23+ countries. With growth in population and rising health issues, the sector recorded a revenue of ~PKR 705bln during CY22 with a YoY growth of ~14.3% (CY21: PKR~616bln); while pharmaceutical manufacturing also grew by ~22.7% YoY. Dependency on imported APIs (basic raw material) is significant, thus sustaining efficient supply chain is of utmost priority for local manufacturers. However, non-reliance on any single country for imported APIs provides mitigation against potential disruptions. The Company's flagship products include brands like Sita Met, Pulmonol, Maxflow, Paraxyl CR and Tacavir, contributing the highest in revenues. CCL has installed state-of-the-art GMP compliant manufacturing facility enabling to produce dry powder, liquid orals, solid orals, liquid injectable, and powder injectable. Substantial CapEx was also made to upgrade manufacturing facility in order to align with PICs & other international compliances. During review period, the Company acquired PICs compliant plant from a renowned pharmaceutical company to enhance its overall production capacity. CCL has been accredited as one of the fast-growing pharmaceutical entities among top 25 players in Pakistan following sponsors' vision to capitalize growth trajectory. The Company is governed by qualified professionals having diversified experience at upper-level hierarchy in MNCs and reputed local pharmaceutical setups. CCL is cognizance of corporate governance structure; reflected by committees formed at board & management level. The oversight role is played by the stockholders in collaboration with independent advisors on the board. Further, the Company has successfully adopted a formal group structure and now comes under the umbrella of 'CCL Holding Pakistan.' The Company recorded revenue growth of ~30.0% at end Jun'23 with adequate profitability matrix. The ratings draw comfort from constant demand of products and strong market share in Anti-Diabetic, Anti-Depressants & Expectorants. According to IQVIA report, CCL's ranking improved to 16th on YTD basis. Financial risk profile is demonstrated by reasonable working capital management and healthy cash flows. The Company's capital structure is leveraged; primarily encompassed of short-term borrowings. Going forward, CCL attempts to (a) ramp up its market share with new molecules and through brand acquisitions (b) explore export destinations by benefiting from PICs and other international compliances.

The ratings are dependent on upheld profits and market share while retaining sufficient cash flows and coverages. Nevertheless, adherence to maintain its debt metrics at an acceptable level is a prerequisite.

Business Risk

Industry Dynamics There are 800+ players in the industry. Healthcare services industry is considerably a low-risk industry in view of limited demand cyclicality. Healthcare services and medical devices are in high demand in view of supportive demographic trends with ageing population, growth in income levels and continuous emergence of new diseases. The prices of pharmaceuticals are controlled and regulated by the government.

Relative Position CCL Pharma is a market leader in Neuropsychiatry, Expectorants & Diabetes Management. Three branded products of the Company are market leader which are Sita Franchise in anti-diabetics, anti-depressants and natural source calcium followed by three further products which are ranked second in the market, these are BPH products, expectorant and Xiga franchise in anti-diabetics. The Company holds market share of ~2.0% during review period and ranked 16th on YTD basis under the IQVIA ranking report. CCL was recognized as one of the fastest growing Companies in 2021 amongst the top 25 Pharmaceuticals Companies.

Revenues The Company's CAGR from FY20 to FY23 was ~30.0%. During FY23, the sales of the Company clocked at PKR 13,370mln. (FY22: PKR 10,288mln, FY21: PKR 8,183mln). Around 15% of the total revenue is export based during FY23. The top 5 selling products of the Company are Sita Met followed by Pulmonol, Maxflow, Paraxyl CR and Tacavir.

Margins In FY23, gross margin stood at 45.7% (FY22: 47.4%, FY21: 45.5%), reduced mainly due to high material costs (APIs), partially offset by diversified product mix. Due to significant inflationary impact and increase in operating expenses, operating margins also reduced and clocked at 11.9% in FY23 (FY22: 12.2%). Total finance cost has increased from PKR 210mln in FY22 to PKR 583mln in FY23 as a result of increase in borrowings and high interest rates. Accordingly, net margin reduced to 4.5% during FY23 (FY22: ~6.7%).

Sustainability The Company is in process of BMR which will remove the bottlenecks in the exiting operations and will enhance the total production capacity of the Company. Further, with this BMR, Company will be able to align its manufacturing facility with PICs and other international compliances.

Financial Risk

Working Capital The Company's gross working capital days have slightly increased from 75 days in FY22 to 77 days in FY23 (FY21: 78 days, FY20: 92 days) on account of increase in average days of receivables. Net working capital days have also slightly increased to 61 days in FY23 as compared to 58 days in FY22.

Coverages The increase in short-term borrowings and total debt book of the Company have led to deteriorated interest coverage (FY23: 1.7x, FY22: 4.7x, FY21: 7.1x). Further, debt coverage ratio has remained on lower side and stood at 1.1x in FY23 (FY22: 1.6x).

Credit Rating

Credit rating reflects forward-looking opinion on credit worthiness of underlying entity or instrument; more specifically it covers relative ability to honor financial obligations. The primary factor being captured on the rating scale is relative likelihood of default.

Scale	Long-term Rating Definition
AAA	Highest credit quality. Lowest expectation of credit risk. Indicate exceptionally strong capacity for timely payment of financial commitments
AA+	
AA	Very high credit quality. Very low expectation of credit risk. Indicate very strong capacity for timely payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.
AA-	
A+	
A	High credit quality. Low expectation of credit risk. The capacity for timely payment of financial commitments is considered strong. This capacity may, nevertheless, be vulnerable to changes in circumstances or in economic conditions.
A-	
BBB+	
BBB	Good credit quality. Currently a low expectation of credit risk. The capacity for timely payment of financial commitments is considered adequate, but adverse changes in circumstances and in economic conditions are more likely to impair this capacity.
BBB-	
BB+	
BB	Moderate risk. Possibility of credit risk developing. There is a possibility of credit risk developing, particularly as a result of adverse economic or business changes over time; however, business or financial alternatives may be available to allow financial commitments to be met.
BB-	
B+	
B	High credit risk. A limited margin of safety remains against credit risk. Financial commitments are currently being met; however, capacity for continued payment is contingent upon a sustained, favorable business and economic environment.
B-	
CCC	
CC	Very high credit risk. Substantial credit risk "CCC" Default is a real possibility. Capacity for meeting financial commitments is solely reliant upon sustained, favorable business or economic developments. "CC" Rating indicates that default of some kind appears probable. "C" Ratings signal imminent default.

A4	The capacity for timely repayment is more susceptible to adverse changes in business, economic, or financial conditions. Liquidity may not be sufficient.

*The correlation shown is indicative and, in certain cases, may not hold.

Outlook (Stable, Positive, Negative, Developing) Indicates the potential and direction of a rating over the intermediate term in response to trends in economic and/or fundamental business/financial conditions. It is not necessarily a precursor to a rating change. 'Stable' outlook means a rating is not likely to change. 'Positive' means it may be raised. 'Negative' means it may be lowered. Where the trends have conflicting elements, the outlook may be described as 'Developing'.

Rating Watch Alerts to the possibility of a rating change subsequent to, or, in anticipation of some material identifiable event with indeterminable rating implications. But it does not mean that a rating change is inevitable. A watch should be resolved within foreseeable future, but may continue if underlying circumstances are not settled. Rating watch may accompany rating outlook of the respective opinion.

Suspension It is not possible to update an opinion due to lack of requisite information. Opinion should be resumed in foreseeable future. However, if this does not happen within six (6) months, the rating should be considered withdrawn.

Withdrawn A rating is withdrawn on a) termination of rating mandate, b) the debt instrument is redeemed, c) the rating remains suspended for six months, d) the entity/issuer defaults, or/and e) PACRA finds it impractical to surveil the opinion due to lack of requisite information.

Harmonization A change in rating due to revision in applicable methodology or underlying scale.

Surveillance. Surveillance on a publicly disseminated rating opinion is carried out on an ongoing basis till it is formally suspended or withdrawn. A comprehensive surveillance of rating opinion is carried out at least once every six months. However, a rating opinion may be reviewed in the intervening period if it is necessitated by any material happening.

Note. This scale is applicable to the following methodology(s):

- a) Broker Entity Rating
- b) Corporate Rating
- c) Debt Instrument Rating
- d) Financial Institution Rating
- e) Holding Company Rating
- f) Independent Power Producer Rating
- g) Microfinance Institution Rating
- h) Non-Banking Finance Companies Rating
