Rating Rationale

Factor	Comment
Ownership	Optimus Holdings, the parent company, owns Optimus Capital Management ('OCM' or the 'Company'). Mr. Jawad Ahmad and Mr. Yasin Iqbal Kodvani sponsor Optimus Holdings with shareholdings of 74% and 26%, respectively.
Governance	The board of directors (BOD) of OCM comprises two executive directors, Mr. Jawad Amjad and Mr. Yasin Iqbal Kodvani. Compared to peers, the BOD composition is limited and may benefit from adding independent directors to strengthen oversight.
Management and Client Services	The company has a lean structure led by a two-member board, supported by Audit, Risk, and Compliance committees. Client servicing is aided by sales and research teams, strengthened by affiliation with Zakheera (Pvt.) Limited, while the IT department provides technological backing.
Internal Controls and Regulatory Compliance	The rating incorporates an adequate internal control framework, supported by compliance and internal audit functions. The company has policies to ensure effective control and regulatory compliance.
Business Sustainability	During FY26 the main source of revenue stemmed from equity brokerage, so Equity brokerage revenue stood at ~PKR 401mln. At the end of Jun'26, the net income stood at ~PKR 439mln.
Financial Sustainability	OCM does not engage in proprietary investments, limiting exposure to market risk. The Company's equity was reported at ~PKR 345mln as at end-Jun'26. The LCB was reported at ~PKR 335mln.

Key Rating Drivers

Fiduciary discipline spanning business growth, revenue diversification, and profitability remains integral to the company's financial profile, with realization of synergies from OCM's acquisition of Alfalah Securities poised to further support business performance. Prospectively, maintaining market share, strengthening governance through independent representation, retaining key management personnel, and further separating management roles will remain material to sustaining and enhancing the overall fiduciary profile.

Internal Controls And Regulatory Compliance

Risk Management Framework The Company has developed an extensive risk management policy encompassing exposure limits, margins, KYC/CDD, customer orders, as well as execution and settlement processes. The settlement department is responsible for conducting thorough KYC/CDD procedures for each customer, categorizing them into varying risk levels, ranging from low to high. High-risk customers undergo enhanced due diligence through continuous monitoring. The addition of a dedicated compliance officer has improved the regulatory framework.

Regulatory Compliance Mr. Sarfaraz Khan leads the Company's compliance department, bringing over a decade of professional expertise. This department is responsible for ensuring timely compliance with all regulatory obligations.

Business Sustainability

Operating Environment The KSE-100 Index continued its strong upward trajectory in FY26, reaching successive record highs and reflecting sustained investor confidence. The market remained supported by improving macroeconomic conditions, easing interest rates, stronger foreign exchange reserves, and continued progress under the IMF program. The decline in the policy rate during FY26 further encouraged a gradual reallocation from fixed-income instruments toward equities, supporting trading activity and market liquidity. Consequently, the brokerage industry benefited from higher trading volumes, increased investor participation, and stronger transaction-based revenues. Going forward, the sector's growth will remain dependent on the sustainability of macroeconomic stability, political developments, interest-rate direction, and the continuation of supportive economic and market policies.

Performance The Company's operating revenue mainly comprises equity brokerage income. During FY26 the main source of revenue stemmed from equity brokerage, so Equity brokerage revenue stood at ~PKR 401mln. At the end of Jun '26, the net income stood at ~PKR 439mln. PAT at the end-Jun '26 stood at ~PKR 144mln.

Strategy Going forward, the Company is expected to improve and sustain profitability and diversify revenue stream. Meanwhile, the focus of the brokerage house would be to engage more Retail and HNWTs that would help the management to enhance its market share.

Financial Sustainability

Credit Risk For the assessment of client's credit worthiness, the Company has formulated detailed KYC/CDD policies. These policies entail customer identification, risk assessment, due diligence and compliance function. Exposure limits are properly assigned. An automated risk management system is in place that halts transactions for a particular client if margin falls below the allocated level.

Market Risk The Company's market risk exposure remains primarily linked to its investment portfolio, comprising short-term investments of ~PKR 196mln, long-term investments of ~PKR 16mln, and investments in associates of ~PKR 419mln as at end-Jun '26. The composition of the investment portfolio exposes the Company to market fluctuations.

Liquidity Risk At end-Jun '26, the Company's current assets stood at ~PKR 863mln against current liabilities of ~PKR 892mln, resulting in a current ratio of ~0.97x. This indicates a relatively tight liquidity position, with current assets marginally below the Company's short-term obligations.

Capitalization At end FY26, the Liquid Capital Balance (LCB) of the Company stood at ~PKR 335mln. The Company has an equity base of ~PKR 345mln at end-Jun '26.

Rating Modifiers | Rating Actions

Outlook (Stable, Positive, Negative, Developing) Indicates the potential and direction of a rating over the intermediate term in response to trends in economic and/or fundamental business / financial conditions. It is not necessarily a precursor to a rating change. 'Stable' outlook means a rating is not likely to change. 'Positive' means it may be raised. 'Negative' means it may be lowered. Where the trends have conflicting elements, the outlook may be described as 'Developing'.	Rating Watch Alerts to the possibility of a rating change subsequent to, or in anticipation of, some material identifiable event with indeterminable rating implications. But it does not mean that a rating change is inevitable. A watch should be resolved within the foreseeable future, but may continue if underlying circumstances are not settled. Rating watch may accompany the rating outlook of the respective opinion.	Suspension It is not possible to update an opinion due to a lack of requisite information. Opinion should be resumed in the foreseeable future. However, if this does not happen within six (6) months, the rating should be considered withdrawn.	Withdrawn A rating is withdrawn on a) termination of rating mandate, b) the debt instrument is redeemed, c) the rating remains suspended for six months, d) the entity/issuer defaults, or/and e) PACRA finds it impractical to surveil the opinion due to lack of requisite information.	Harmonization A change in rating due to a revision in the applicable methodology or underlying scale.
---	---	--	---	---

Surveillance. Surveillance on a publicly disseminated rating opinion is carried out on an ongoing basis till it is formally suspended or withdrawn. A comprehensive surveillance of rating opinion is carried out at least once every six months. However, a rating opinion may be reviewed in the intervening period if it is necessitated by any material happening. Rating actions may include "maintain", "upgrade", or "downgrade".
